FIVE CASES OF CORONAVIRUS DISEASE (COVID-19) IDENTIFIED IN MCPHERSON COUNTY

McPherson County Health Department is announcing the fourth and fifth case of coronavirus disease (COVID-19) in McPherson County. Testing sent to Quest Laboratories identified the positive cases.

The two newest cases are females, one in their 40s and one in their 50s. McPherson County Health Department staff is working to identify close contacts. At this time, no further patient information will be released.

We highly encourage McPherson County residents to depend on health authorities to provide the most accurate information.

Please continue to practice frequent handwashing, cover your cough and sneeze, avoid physical contact such as handshaking, stay home if you feel ill and call your healthcare provider to discuss your symptoms.
